

## Pupil Deprivation Grant Expenditure 2014-2015

School's Key Areas for Improvement	Success Criteria
To develop the role of 'pupil voice' within the school	Pupils will have greater influence on the strategic direction of the school – GB, policies, evaluation of school procedures etc
To ensure that the school develops a digital platform for 'anytime learning' that provides enrichment activities to support the learning that takes place within the classroom.	Pupils will access digital materials to support their learning outside of the school day. Pupils will be using this platform with their parents/carers support.
Pupils will develop their peer tutoring/assisted learning skills by developing a half termly pupil-led club.	Pupils will be using their tutoring skills to share their expertise to lead/support peers in their learning.

Key Actions  What we need to do to bring about improvement and achieve our targets	Lead Responsibility	Timescale		Funding			Evaluation Who, When, How
		Start Date	End Date	Staffing and Resources	Cost	Source
